Frequently Asked Question:

Q. What will happen with our money?

A. Your money is YOUR money!
100% of the funds that will be held by the state Grange will go to your new Pomona, as long as there are NO outstanding debts owed by your Pomona.

Example: If all of the Granges in your Pomona are in the new Pomona, the New Pomona will receive 100% of the those funds. If 50% goes into one Pomona and 50% goes into another then your funds will be divided evenly to each Pomona.
