

Nathaniel Koniecko, son of Louis and Rose Koniecko of Preston City Grange, gets to try out Grange-furnished equipment at Newington Children's Hospital, as a nurse checks his weight while Mother looks on. On the wall are the otoscope and ophthalmoscope, also Grange gifts to the Newington facility. This is the first of the rooms to be completed and the State Grange CWA hopes to furnish other rooms at the hospital in a like manner. (N.C.H. Photo)
